Professional Summary

Full-stack Software Engineer with nearly 2 years of experience building fast, scalable, and accessible applications using React.js, Node.js, Express.js, Next.js, Spring Boot, and MySQL. Strong focus on clean architecture, performance optimization, WCAG/ARIA accessibility, and seamless frontend-backend integration. Experienced in delivering enterprise-grade features, enhancing system stability, and engineering maintainable, high-quality solutions.

Technical Skills

Front-End: React.js, Next.js, JavaScript (ES6), CSS3, SCSS/SASS, Bootstrap, Ant Design, Material UI
Back-End: Node.js, Express.js, Spring Boot, Java
Databases: MySQL, DBMS
Tools & Concepts: Git, Postman, REST APIs, WCAG/ARIA

Work Experience

- Software Engineer — i-exceed technology solutions** (March 2024 – Present, Bengaluru)
- Designed and built high-performance UI components using React.js, SCSS, Ant Design, and Material-UI.
 - Developed and integrated REST APIs using Spring Boot and Express.js for seamless data communication.
 - Implemented WCAG/ARIA accessibility standards, improving overall usability and compliance.
 - Debugged API issues using Postman and browser tools, reducing production defects significantly.
 - Created modular UI components and improved frontend architecture for scalability and maintainability.
 - Optimized backend workflows using Node.js/Express and MySQL, improving service reliability.
 - Contributed to system performance upgrades and long-term maintainability using full-stack expertise.
- Software Engineer Trainee — i-exceed technology solutions** (Sept 2023 – March 2024, Bengaluru)
- Developed reusable React.js components improving UI consistency and structure.
 - Supported backend development with Node.js/Express, enhancing API structure and response performance.
 - Learned and applied clean coding, architecture standards, Git workflows, and debugging practices.
 - Collaborated with QA and Dev teams to validate features, fix issues, and prepare deployments.

Education

HKBK College of Engineering — BE Computer Science (8.24 CGPA), 2023
Sri Maruthi PU College — PCMC's (88%), 2019
Anugraha Education Society — 10th (85%), 2017

Achievements & Certificate

- Multiple awards for engineering contributions
- Certifications: Exercising Leadership (HarvardX), Full Stack Development (GreatLearning), ReactJS (GreatLearning), JavaScript (AccioJobs).
